THINK DESIGN

## About Us

Founded in 2013 by Mr. Sven Speissegger, NEKO set out with a clear vision: to deliver high-quality, efficient LED lighting solutions with an exceptional price-to-performance ratio.

Under Mr. Speissegger's leadership, NEKO has rapidly evolved into a thriving international lighting company, now serving customers in over 120 countries with innovative architectural solutions for both indoor and outdoor applications.

Over the past decade, NEKO has grown into a global team of more than 450 professionals, with its own production facility in Asia and dedicated Design, Sales, and Marketing departments in Europe.

Mr. Speissegger's commitment to innovation and quality continues to drive NEKO's success and industry leadership.

# Lighting Design Service

## PHASE 1

### Site Assessments

1. On-site research
2. Gathering customer needs and intentions
3. Identifying potential risks to ensure a successful lighting design

## PHASE 2

### Lighting Concept Design

1. Development of a preliminary lighting concept
2. Selection plan for fixtures that align with the project's vision

## PHASE 3

### Detailed Lighting Design

1. Comprehensive lighting analysis
2. Lux calculations to ensure optimal illumination across all spaces

## PHASE 4

### Site Commissioning

1. On-site supervision of the final setup and light effects ensuring the lighting meets the desired standards.

# NEKO Color Options & Customization

# SPACE 40 / 40 EVO

Linear System

Focused light for collaborative minds.  
 In collaboration zones, **SPACE 40 AL** delivers  
 precise accent lighting, while **SPACE 40 CL**  
 elevates the environment with exceptional visual comfort.

## SPACE 40

Linear System

Break the monotony with flexible combinations of accent and general lighting, shaping each workspace to its own rhythm.

## SPACE 40

Linear System

## SPACE 40 EVO

Linear System

Go beyond the standard.

Design lighting as unique as your space.

We offer custom production based on your drawings — because every detail matters.

Available in acoustic and non-acoustic versions, our luminaires provide flexible options to meet both visual and acoustic comfort requirements in modern workspaces.

# SPACE 40

Linear System

Seamless lines. Seamless welcome.  
Recessed linear light that defines professional spaces.

# SPACE 40 EVO

Linear System

Balanced light for every space.  
 Microprismatic or opal covers extend seamlessly **up to 30 meters**,  
 gliding along long office hallways with uninterrupted style and illumination.

# SPACE 40 EVO

Linear System

Not only surfaced. Not only recessed.  
 Linear lighting that bends. Ideas that extend.

# SPACE 40 EVO

Linear System

Linear lighting that flows with architecture, delivering visual comfort and a welcoming atmosphere for every gathering.

# SPACE 40 EVO

Linear System

Power: 22 W/m  
 Luminous Flux: up to 2750 lm/m for high efficiency version  
 Independent and Continuous Lighting Options  
 Available Lengths from 560mm to 2800mm (Extension Modules in 70mm Increments)  
 L-Corner, T-Corner, Y-Corner, X-Corner, Arc-Corner, and Multiple Curves Available

# SPACE 60 / 60 EVO

Linear System

**UGR <19** Designed for workspace wellbeing

Product: SPACE 60 P-CL1500U-47W-840-80° ↓ 105° ↑  
 Worktop dimensions: (L x W x H) 1800 x 900 x 800 mm  
 Ceiling height: 3000 mm  
 Lamp height from worktop: 1300 mm  
 Average illuminance: 535 lx  
 Uniformity: 0.64 UGR: <19

# SPACE 60 EVO

Linear System

Lines, arcs, and endless possibilities.

## SPACE 60 EVO

Linear System

Modular linear lighting system goes beyond straight lines.  
Ideal linear system for office lighting.

# SPACE 60 EVO

Linear System

*Halo above. Clarity below. Silence within.*

Standard: Ø600 / Ø900 / Ø1200 mm  
 Customized: Ø1500 / Ø1800 / Ø2000 mm and above

Offered in both acoustic and non-acoustic versions,  
 with a variety of acoustic panel options available.  
 Engineered for visual comfort with microprismatic optics and UGR<19.

# SPACE 60 EVO

Linear System

The hexagonal shape adds architectural character, combining microprismatic optics with a full range of acoustic panels. Available in both acoustic and non-acoustic versions for different spatial needs, it shapes serene, eye-friendly, and focused work environments.

**SPACE 60**

Linear System

**SPACE 60**  
Linear System

Whether in a meeting room or a private office, balanced uplight and downlight deliver visual comfort. Microprismatic optics and  $UGR < 19$  provide glare-free light, supporting productivity and visual comfort throughout the day.

# SPACE 60

Linear System

Light your office your way.  
 UGR<19 with microprismatic optics for visual comfort.  
 Opal Diffuser for high efficiency, designed to enhance every meeting.

# SPACE 60 EVO

Linear System

Light without limits, *flowing with space*

# SPACE 60 EVO

Linear System

Efficient.  
 Comfortable.  
 Built for collaboration zones and modern workspaces.

**SPACE 60 EVO**

Linear System

Sizes: Ø350, Ø450, Ø600, Ø900  
 Beam Angle: 90°, 90° ↓ 110° ↑  
 UGR<19  
 Power from 14W to 62W  
 Luminous flux up to 8700lm  
 CCT: 2700K, 3000K, 4000K, Tunable White (2700K–6500K)  
 CRI: >80, >90  
 LED Driver: ON OFF, 0–10V, DALI, Phase Dim

140 lm/W High-Efficiency Output  
 UGR<19 with Microprismatic Cover  
 Magnetic Up Light Module as Option

# GAME & SUGAR

Ceiling Light System

Project: De Montfort University, UAE

**SUGAR**  
Ceiling Light System

The **SUGAR** series features a decorative recessed-frame design, offering installation flexibility and four size options. With both direct and indirect light distributions, it is an ideal choice for meeting rooms and other office applications.

The **SUGAR** series introduces stylish, layered visual appeal—perfect for reception areas in design-oriented workplaces. Engineered with microprismatic optics to achieve  $UGR < 19$ , it blends refined elegance with visual comfort.

## SUGAR

Ceiling Light System

**SUGAR**  
Ceiling Light System

# Light Up, Sound Down

**SUGAR** series fixtures seamlessly blend with acoustic panels—offering both elegant aesthetics and enhanced acoustic performance.

## Where brightness meets visual comfort

Embrace spatial harmony  
Experience infinite transformation

**SUGAR**  
Ceiling Light System

**SUGAR**  
Ceiling Light System

One room.

One light.

Pure focus.

Sizes: Ø350, Ø450, Ø600, Ø900  
 Beam Angle: 90°, 90° ↓ 110° ↑  
 UGR<19  
 Power from 14W to 62W  
 Luminous flux up to 8700lm  
 CCT: 2700K, 3000K, 4000K, Tunable White (2700K–6500K)  
 CRI: >80, >90  
 LED Driver: ON-OFF, 0–10V, DALI, Phase Dim

# GAME

Ceiling Light System

Classic Flat Design  
 White or Black Finish  
 140 lm/W Powerful Performance  
 UGR < 19 for Visual Comfort  
 Magnetic Up Light Module as Option

**GAME** series brings minimalist architectural style to modern workspaces. Equipped with a microprismatic diffuser, it delivers soft, uniform lighting with effective glare control (UGR < 19), making it ideal for productive environments. Available in four sizes, it adapts effortlessly to diverse installation needs.

# GAME

Ceiling Light System

**GAME**  
Ceiling Light System

Available in surface-mounted or suspended (wire/rod) configurations. The **GAME** series delivers up to **140lm/W** with flexible color temperature options, including Tunable White.

*Not all offices need lines to shine.  
Bright, balanced, beyond linear.*

**GAME**  
Ceiling Light System

Sizes: Ø55, Ø75, Ø90  
Beam Angle: 18°, 36°, 50°  
Power from 11W to 28W  
Luminous Flux up to 2900lm  
CCT: 2700K, 3000K, 4000K  
CRI: >90  
LED Driver: ON OFF, Phase Dim, DALI Dim

# MIU

Architectural Ceiling Light & Pendant Light

Architectural Ceiling & Pendant Luminaire  
Decorative Accent Lighting  
Elegant Design with No Visible Crews

The **MIU** series presents refined cylindrical luminaires, ideally suited for breakout zones and reception areas. Thanks to its optional reflector finishes, the **MIU** offers decorative flexibility for diverse interior schemes.

# MIU

Architectural Ceiling Light & Pendant Light

Project: Office Borg Forvaltning Trondheim, Norway

**MIU**  
Architectural Ceiling Light & Pendant Light

Pendant or ceiling-mounted, **MIU** brightens office corridors with comfortable, ample light—guiding movement while subtly enhancing the surrounding displays.

# MIU

Architectural Ceiling Light & Pendant Light

Project: CBRE Emaar Square Office, UAE

Cut-Out: Round Ø75–200mm / Square 68×68–200×200mm  
 UGR: <19  
 LED Power from 7.5W to 36W  
 Luminous Flux up to 6800lm  
 CCT: 2700K, 3000K, 4000K, Dim-to-Warm (1800K–3000K) , Tunable White (2700K–6500K)  
 CRI: >90  
 IP: 54

# TAKKEO

High Efficiency Fixed Downlight

Interchangeable Fixed Downlight Series  
 Round & Square Shapes  
 Up to 120 lm/W Efficiency  
 UGR <19 for Visual Comfort  
 Powerful and Practical

# TAKEO

High Efficiency Fixed Downlight

The **TAKEO** round downlight offers versatile cut-out options and a common modular system, ensuring seamless integration into multi-zone office environments.

# TAKEO

High Efficiency Fixed Downlight

Deep recessed. Glare-free. Perfect light.

**TAKEO**

High Efficiency Fixed Downlight

Modular Downlight System  
Round & Square, Trim & Trimless  
High CRI 97 with 10° Super-Narrow Beam Option  
Compatible with both MR16 and LED modules  
Multiple Accessories and Special Finishes Available

# CLUB

Modular Downlight System

Cut-Out: Round  $\varnothing 75-80\text{mm}$  / Square  $75 \times 75-147 \times 80\text{mm}$   
LED Power from 6W to 18W  
CCT: 2700K, 3000K, 3500K, 4000K, Dim-to-Warm (1800K-3000K), Tunable White (2700K-6500K)  
CRI: >90, >95, >97

Glare-free downlights bring soft, uniform light to every corner.

### CLUB

Modular Downlight System

Light that soothes and inspires.  
From intimate corners to open spaces.  
Bringing every detail into focus.

# MODULINE 26

48V Modular Track System

Light flows seamlessly: general, task, decorative.

**MODULINE 26**

48V Modular Track System

Project: Oaktech office, UAE

From ambient to task to accent – all in one track system.

# MODULINE 26

48V Modular Track System

Spotlights, accent lights, and pendants all powered by the 48V low-voltage track system work seamlessly together, combining functional, focal, and decorative lighting in the reception.

## MODULINE 26

48V Modular Track System

Glare-free accent and general light lead visitors comfortably through the reception and into the office.

## MODULINE 26

48V Modular Track System

"We aimed to create designs that are both simple and versatile—something that can easily adapt to any space while still making a statement. It's been exciting to see our creations used in so many projects, transforming environments in ways we've always hoped for."

— Oliver Königs, Chief Designer

"At NEKO, we believe that great design knows no borders. Our products are designed to bring quality and innovation to any space, and it's rewarding to see them being embraced in projects worldwide. I'm proud of what we've achieved and excited about where these designs will go next."

— Bruno Touzery, Managing Director, NEKO France
